

DURAShield Insulated Box Liners

Envelopes, pouches and bottom gusseted metallized bags

Quick Facts

- Order liners for your existing box size and refrigerants.
- Save on air freight and storage costs!
- Get the exact size you need whenever you need it, be it a pallet cover or small pouch.
- Aesthetically pleasing and hygienic materials.
- Liners store flat and are easy to use.
- Make thermal shipping easy and inexpensive.
- An environmentally sound alternative to foam coolers.
- Great for overnight and priority shipping.

TSS Durashield liners and envelopes allows you to adapt to shipping variables while lowering costs.

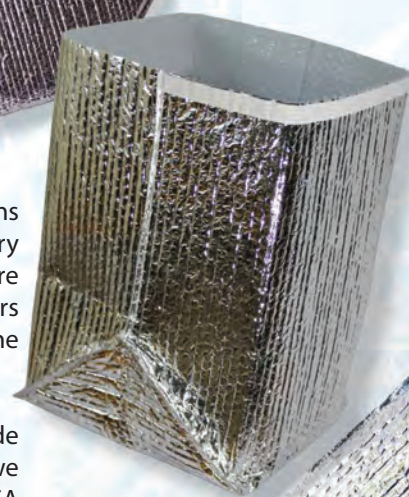

Our strong, thin, and leakproof material retards all forms of heat transfer to achieve excellent insulation value while saving space and money!

Convert Your Existing Cardboard Box to a Cost-effective Insulated Shipper

Thermal Shipping Solutions developed new proprietary technology to manufacture bottom-gusseted box liners at **5x** the speed of the competition.

Our facilities nationwide use quality materials we manufacture in the USA that you can trust with your perishables.

The DURAShield Insulated box liner is manufactured to provide low-cost thermal performance for a wide range of packaging applications.

This liner is ideal for shipping anything from fish to pharmaceuticals. The Metallized Bubble Liner can save up to 85% on warehouse storage over EPS and up to 60% on inbound or outbound freight.

Available now as:

- **Bottom-gusseted liners**
- **Envelopes with lip+tape**
- **Flush-cut pouches**
- **Pads**
- **Rolls**
- **Pallet Covers**
